TO: His Excellency, Governor Carroll A. Campbell and Members of
the South Carolina General Assembly.

Presented here is the report of the 1992-93 activities of the South Carolina Law Enforcement Training Council and its functioning agency, the South Carolina Criminal Justice Academy. Each year of the Academy's existence has been marked with growth and progress. It is our intent to work diligently to improve the quality of training and produce the very best in law enforcement officers. Basic Training programs continue with quality as the keyword. The In-Service training opportunities provided for the state's law enforcement community have been developed and extended on a regional basis by the South Carolina Criminal Justice Academy. In a unique partnership with the Technical Colleges and South Carolina ETV, quality In-Service programs are being provided on a consistent and economical basis. With the continued support of the Governor and General Assembly, we will accomplish our training mission in an exemplary fashion.

Respectfully submitted,

W. J. "Rick" Johnson, Jr.

Executive Director

Accredited by Southern Association of Colleges and Schools

HISTORY 1968-1993

The year 1968 marked the beginning of formal law enforcement training in South Carolina. That year, the state legislature appropriated \$30,000 to SLED to establish the South Carolina Police Academy. A voluntary four week basic law enforcement training program began and was held at SLED. This thirty five student arrangement soon proved to be inadequate. In 1970, the state legislature created the South Carolina Criminal Justice Academy. The Criminal Justice Academy was guided from the outset by F.B.I. veteran, Clifford A. Moyer, until his retirement in June of 1982. Moyer was succeeded by Director John A. O'Leary in September, 1982. In May of 1988, W. J. "Rick" Johnson, Jr. became the new and current Director.

The construction of the 6.0 million dollar Academy was started during the administration of Gov. Robert E. McNair and was financed by state and federal funds; the latter was provided by LEAP and the Highway Safety Program. Classes began in 1972 at the present site. Because four weeks of basic law enforcement training were insufficient, the program was increased to five weeks in 1972, to six weeks in 1973, and later to the present eight weeks.

The Training Division of the South Carolina Department of Corrections moved into the Academy in 1972. Shortly thereafter, training for magistrates and municipal judges as well as for personnel from the Department of Parole and Community Corrections and Department of Youth Services began at the Academy. Similarly, the South Carolina Wildlife and Marine Resources Department and the South Carolina Highway Patrol regularly present instructional programs. The Department of Corrections moved its operations to the newly constructed Department of Corrections Academy in January 1988 and Youth Services moved in February 1988.

FY 88-89 included passage of revisions to the Training Act originally enacted in 1970. In the 20 year history of the South Carolina Criminal Justice Academy, this is the most massive revision to the statute governing certification and training of law enforcement officers in South Carolina. The basic change in the law is a mandatory continued training provision whereby officers' certification cards expire every three years. To be renewed, officers must participate in a specific number of In-Service training hours during the three year certification cycle. Academy staff members are now in the process of implementing the new law and regulations.

FY 91-92 has seen full implementation of a statewide mandatory network consisting of 42 sites for reception of law enforcement teleconference training via the Academy and SCETV's jointly produced "Police Line" programs. This state of the art training delivery system enables police officers statewide to acquire mandated in-service programs on a regional basis. Use of the teleconference medium enables a more economical training system, thereby saving thousands of dollars in Academy funds.

The Academy consists of two campuses. The main campus consists of 29 acres located on Broad River Road. This facility originated in 1970 and included a cafeteria, classroom space, two dormitory wings, a gymnasium and Aquarius training tank, and an administrative area. During 1979, a three-story dormitory wing and a two-story

office building were added to provide additional housing and classroom space. This construction phase also included a learning resource center and a teaching courtroom equipped with remote control audio/video capabilities to record and critique courtroom activities.

During 1983, a 5,000 square foot pre-engineered maintenance support building was constructed. During FY 87-88, another 5,000 square foot pre-engineered building was constructed to house Purchasing, Printing, and Graphic Arts operations. During FY 88-89, a renovation project was completed to add an additional 4,000 square feet to the present dining area. This renovation included an upgrading of the kitchen to support the increased demands on the facility. In a unique transfer requiring multi-agency cooperation, the Academy exchanged 2 buildings and 5 acres of land that were owned by the Research and Statistics Division of the Budget and Control Board for 4 acres and 2 newly constructed facilities located approximately one-half mile west of their previous location. This enabled the Academy to maintain a continuous campus and, under a separate agreement negotiated with the Forestry Commission transferred an additional 8 acres of land for our future needs.

The remote campus is located adjacent to the Broad River, approximately 2 miles west of the main campus. The Driving Range consists of a precision driving course that is approximately one and three tenths miles in length and a practical problems area. The practical problems area includes a crisis intervention house which has the capacity for audio/video training, other small frame houses which includes a mock bar. These buildings are used to simulate robberies, domestic violence scenarios, burglaries, hostage situations, and other offenses that necessitate involvement of law enforcement personnel. The ultimate concept of this mock city is to duplicate a small town on the training site to lend authenticity to all practical exercises performed at the site. The weapons range complex consists of three small arms ranges, a rifle deck for S.W.A.T. training, a shotgun range, an outdoor pistol range, and other support buildings to accommodate this mission.

During FY 1989-90, the Academy constructed a Micro-wave Tower, Studio, and Equipment Building. This project will allow the Academy to televise through ETV and DIRM Micro-wave Systems, various Tele-conferencing classes. During the year, the Academy added an Automobile Accident Reconstruction Building.

During FY 1990-91, the Academy began construction on Weapons Range Phase II, completed the Studio Edit Room, Gym carpet upgrade, Central Energy Facility, and nearly completed the Print Shop addition. The Automotive Accident Reconstruction Building will be converted into a Data Center for the agency.

During 1991-92, the Automotive Accident Reconstruction Building was converted into a Data Center for the agency, the Print Shop addition and a Narcotics Building was completed. Construction has been completed on a garage maintenance building and an outdoor Pistol range. Future plans include construction for a new shotgun range and an automatic pistol range (Hogan's Alley). We have future plans to begin construction on the Physical Training Facility which will allow the agency to better utilize various types of physical conditioning exercises to enhance the students physical fitness. The Physical Training Facility will also give the students an area to exercise and avoid the use of the roadway in front of the agency which is hazardous.

During 1992-1993, major renovations occurred in the Certification and Accounting departments. Walls were removed, and the introduction of open office landscaping was completed. The fire alarm system was upgraded from its antiquated 1970's design, and a 100 bed dormitory was started. This dormitory will be the first state agency dormitory that has complete compliance with the American Disabilities Act (ADA), Indoor Air Quality Regulations (IAQ), and state-of-the-art energy management technology.

The fiber optic project was started which will allow the infrastructure of fiber optic cable from our main facility (CEF), to the Range complex, then continuing to SCDC, and then terminating at SLED. This multi-channel cabling will allow video, data, and voice transmission for several program utilization. During the course of construction, it was decided to add Fire Academy which is on the other side of the river to this infrastructure. The hub at the CEF will continue to the microwave tower at some future date and allow an interconnect with ETV/DIRM networks downtown. DIRM is entertaining the idea of installation of a DS-3 switch on the microwave tower which will allow connections to the Municipal Area Network (MAN) and other state data operations.

A new System 75 PBX switch was installed this year. This switch allows state-of-the-art flexibility to include voice mail and increased staff productivity.

The kitchen was renovated during this year in order to upgrade the hood to appropriate codes. Additional work in this project included the upgrading of the mechanical system for the Studio. This upgrade included a UPS system to allow an orderly shut down in the event of a power failure. An upgrade of the pool lighting to meet current codes was also included in this project.

The garage workshop on the Driving Range is in the process of being renovated to office space and an upgraded classroom space. Another project included upgrading certain parts of the Driving Range.

The design work for the Forensic's training area was started during this year. Additional projects include the underground storage tank removal to comply with DHEC regulations and the installation of a new gasoline dispensing system that will meet current regulations. The Department of Youth Services donated some additional land to the Criminal Justice Academy Division for a parking lot. The design work has begun on the first phase of the parking lot that will eventually accommodate approximately 300 vehicles.

PURPOSE

The purpose of the South Carolina Criminal Justice Academy, under the direction of the South Carolina Law Enforcement Training Council, is to provide mandated law enforcement and jail operations entry level training within the first year of employment to all law enforcement officers and jail operators in the state. A second purpose is to provide mandated In-Service training opportunities for law enforcement officers on a statewide basis. All officers in South Carolina must now receive forty (40) hours of In-Service training every three years to be re-certified. A third purpose is to provide

administrative and maintenance support to other segments of the Criminal Justice System so that effective training programs may be presented to their personnel throughout the state; and a forth is to provide voluntary judicial training to county magistrates and municipal judges. Finally, the Academy produces, in cooperation with the South Carolina Educational Television Network, a monthly television program, Crime-to-Court, for the benefit of those who cannot attend classes at the Academy and to supplement the departmental In-Service training program.

MANAGEMENT SERVICES DIVISION

Management Services provides (1) training support for departments of the various Criminal Justice Agencies using the Academy for training; (2) support for the permanent staff and faculty employed and used primarily in support of law enforcement training required by the various statutes; and (3) finance and accounting functions to account for funds received by the Council, under the Fine and Forfeiture procedures outlined in the various statutes.

The Academy Management Services Division in FY 91-92 provided logistical support for the various Criminal Justice Agencies which used the Criminal Justice Academy. The Management Services Division is responsible for the operation of a complete kitchen and a dining room facility; an officer certification and records unit; facilities scheduling; Purchasing and Fixed Assets Section; and a full Print Shop, staffed with three (4) employees and three (3) inmates.

The dining room staff prepared and served 212,520 meals during the fiscal year using 7 staff food service personnel and 15 inmate assistants. The Print Shop produced approximately 512,928 impressions each month for an annual total of 6,155,132 impressions. Purchasing processed 2,446 purchase orders in FY 92-93 and Certification maintains more than 10,000 officer files physically and on data base; approximately 1,000 new ones are created annually and another 6,000-6,500 are up-dated each training year.

The Certification Department includes a Basic Certification Unit and a Re-Certification Unit along with Basic Instructor Accreditation, Radar and Breathalyzer scheduling and tracking of compliance. More than 1,100 officers were issued Basic Certification, while approximately 7,300 officers successfully renewed their law enforcement certification. Much research and data collection was done in preparation of transition to new Registration and Early Enrollment procedures for Basic Law Enforcement candidates, prior to performing law enforcement duties. More than 1,100 Instructors successfully completed re-accreditation requirements.

The Certification Department also assisted SLED in the processing of 8,000 fingerprint cards of current law enforcement officers placed on the AFIS System; and assisted in the review and processing of those officers identified with post convictions.

The Finance Department provided its services to the staff and faculty by processing 2,450 purchase orders, 3,886 pay vouchers, 24 payrolls, and almost 11,000 remittance forms from the County Treasurers' Offices, and the approximately 700 magistrates, Clerks of Court and City Recordors. Personnel services were provided for some 127 permanent and part-time employees.

BUILDING SERVICES DIVISION

Building Services provides for all of the facilities which include 164,750 square feet of buildings on the 32 acre main campus and 23 buildings on the 96 acres of the remote campus. Building Services also provides maintenance and support for a large fleet (approximately 60 motor vehicles) that are used for training and staff. Support for the operation of a 248 bed live-in dormitories necessitates the providing of services for 24 hours, five days a week. In FY 92-93, the Building Services staff consisted of 15 full time personnel, up to 4 part time personnel, and an inmate staff to augment personal services functions to offset as necessary for construction, maintenance, custodial support, various trade disciplines, energy management, and motor vehicle management for the Academy. The staff is also augmented with the use of PCC workers who are executing their court ordered community service time.

TRAINING DIVISION

To improve the knowledge and skills of law enforcement officers, Criminal Justice Training provides: (1) mandated law enforcement and jail operations entry-level training within the first year of employment to all law enforcement and jail officers in the state; (2) mandated Breathalyzer Training to requesting law enforcement agencies on an "as needed basis"; (3) In-Service and specialized training to personnel from the law enforcement agencies and magistrates' offices throughout the state; (4) all law enforcement agencies access to a training film and video tape lending library and (5) staff supervision of the local Police Department Reserve Officer Training and Certification Program.

INSTRUCTIONAL STANDARDS & SUPPORT DIVISION

The mission of the Instructional Standards & Support Division is twofold. On the one hand, each section holds the responsibility of scrutinizing certain aspects of SCCJA programs. The result of this process is compliance with established SCCJA administrative guidelines and quality assurance. Additionally, ISSD performs a support function for practically every SCCJA venture, both administrative and programmatic. This combination, unique within SCCJA, requires Instructional Standards & Support Division to remain vigilant and aggressive yet, continuously provide a positive support mechanism for all other divisions.

ACADEMY BASIC TRAINING

The Minimum Standards Training Act of 1970 required certification for all law enforcement officers having arrest powers and employed by city, county or State governments after January 1, 1972. Excluded initially from this requirement were those from departments of five or fewer officers or where the city had a population under 2,500. This law also establishes selection standards, specifying that a law enforcement officer must.

- present a birth certificate proving that he/she is at least 21 years old
- have a high school diploma or G.E.D. certificate
- pass a drivers license check proving that he/she has not, within the last ten (10) years (later changed to five (5) years), been convicted of driving under the influence of alcohol or drugs, or leaving the scene of an accident
- pass a background check which includes proof that he/she has never been convicted of a crime which carries a sentence of one (1) year, is a crime of moral turpitude and has a satisfactory credit rating
- pass a medical examination indicating that student is CAPABLE of performing physical training
- successfully complete basic law enforcement training

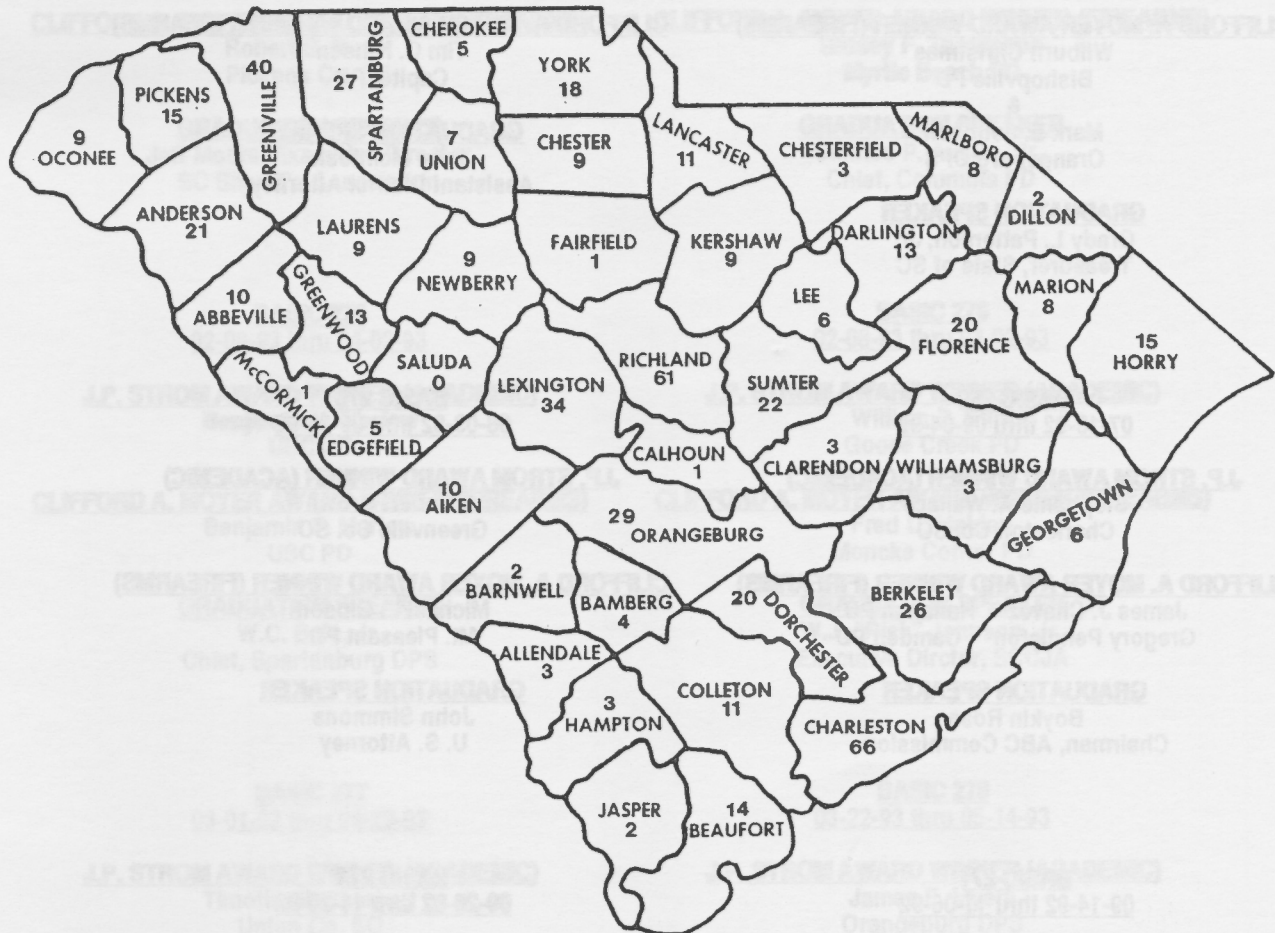

This Act was amended by the 1977-78 legislature to require basic law enforcement training for all law enforcement officers hired after July 1, 1978 including chiefs.

Mandatory physical fitness standards for basic students were adopted and placed in effect by council in January 1988.

Graduation ceremonies are held at the end of each basic training program. Performance points accumulated from tests are tallied at the end of each basic training period. The student having the highest overall total is recognized during graduation as the winner of the "J.P. Strom Award". Students having a 96% average or higher are also designated Distinguished Graduates. Based on scores from the Firing Range, the "Clifford A. Moyer Marksmanship Award" is recognized during graduation ceremonies. The Director's Physical Fitness Award is given to the student who scores the highest number of points after taking a series of Physical Fitness tests.

In 1981, Jail and Detention personnel were included in the mandatory training list requiring the same qualifications as law enforcement officers.

The following map represents the number of law enforcement officers graduating from Basic Training at the Criminal Justice Academy during FY 1992-93. This does not include officers receiving specialized Criminal Justice Training.

635	Basic Officers Certified

ACADEMY TRAINING

BASIC TRAINING--Basic Law Enforcement Training currently consists of eight weeks of instruction. Students are instructed in more than 50 subject areas. Law enforcement students must also demonstrate their abilities through various proficiency tests which demand competence in such areas as Searching and Handcuffing, Handling Juveniles, Courtroom Procedure, Traffic Citations and Handgun Safety.

JAIL TRAINING--The Jail Training program is responsible for the training and certification of all jail and detention facility personnel in the state. In addition to the two (2) week Basic Jail Officer's Training program, this section is responsible for all specialized jail training programs conducted at the Academy complex and around the state on a regional basis.

ADVANCED IN-SERVICE--Specialized training is offered in many areas of law enforcement; such as Officer Survival, Child Abuse Investigations, Arson, Crime Scenes, Narcotics, Photography, In-Service Legals, Breathalyzer, Officer Survival, etc.

RANGE OPERATIONS--The Range Division is responsible for all firearms and driver training programs conducted by the Academy in both Basic and Specialized Training. In addition, the Range Division conducts all practical problem programs for the Basic training program. The Firearms Course is designed to train the law enforcement officer in the proper use of personal weapons and their mechanics. Curriculum includes classroom lectures, shooting skills and practical exercises. The Driving Course is designed to fill an important need in training law enforcement officers in the art of professional driving, as well as to reduce motor vehicle accident frequency by improving the officer's attitude and skills. Curriculum includes classroom lectures and practical exercises.

SPECIAL TRAINING AND OPERATIONS--This Unit manages and coordinates Specialized Training Programs. This Unit coordinates In-Service training for state law enforcement agencies, as well as develops special training programs, surveys and courses throughout the year.

FIELD TRAINING--Programs are conducted at the Academy complex and at regional locations throughout the state including tele-conference education centers, college campuses and law enforcement agencies. This function has filled a critical void in law enforcement training since its inception on February 15, 1983, and allows a greater number of law enforcement personnel to receive training than if they had to attend classes at the Academy complex.

CORE COURSES--Since the passing of the Revised Training act in 1989, all certified officers are required to receive mandatory training for re-certification. CORE courses are four (4) hour blocks of instruction of updated courses that officers have had in Basic Training.

BREATHALYZER RE-CERTIFICATION AND RADAR RE-CERTIFICATION--The Breathalyzer Re-certification program, a critical aspect of continuing patrol operations, is designed to meet field training demands. Therefore, breathalyzer re-certification is conducted on a regional basis covering 4 divisions of the state, with training offered 4

times per year in each individual region. This method has proved very successful and beneficial to all agencies by reducing the amount of man hours lost and travel time saved. Radar re-certification is taught via teleconference.

TRAINING ADMINISTRATOR

William C. Gibson

A.B. Degree, Criminal Justice, University of South Carolina; 4 years U.S. Air Force; graduate of 93rd session F.B.I. National Academy; 20 year law enforcement veteran as Chief Deputy Sheriff, Police Chief and Public Safety Director; joined Academy staff in 1982.

COORDINATOR OF BASIC TRAINING

Lendol C. Hicks Jr.

M.A. Degree, University of South Carolina; B.A. Degree, The Citadel; 3 years, Richland County Deputy Sheriff; graduate of 153rd Session F.B.I. National Academy; joined Academy staff in 1978.

COORDINATOR OF SPECIAL TRAINING OPERATIONS

William C. McKinzie

M.C.J., University of South Carolina; B.A. Degree, The Citadel; 8 years U.S.A.F. (OSI and Security Police); Lieutenant Colonel USAF Reserve (AFOSI); 6 years Criminal Investigator; 3 years Captain, Greenville County Sheriff's Department; joined Academy staff in 1982.

COORDINATOR OF RANGE OPERATIONS

Gordon A. Garner

Associate Degree in Criminal Justice, Midlands Technical College; Police training at Erie County Technical Institute, New York and F.B.I. Academy, Washington, D.C.; 14 years law enforcement experience; 14 years teaching experience; 3 years, United States Marines; joined the Academy staff in 1981.

TRAINING DIVISION

CHIEF INSTRUCTIONAL OFFICER

Samuel Jerideau, Jr.

B.A. Degree, Baptist College; Associate Degree, Criminal Justice, Palmer College; 8 years, North Charleston Police Department, Squad Sergeant and Training Sergeant; 4 years US Air Force 68-72; 18 years Air National Guard TSGT; joined Academy staff in 1982 as Basic Instructor; promoted to Weapon's Range Coordinator 1984; promoted to Director of In-Service March 1989; appointed Chief Instructional Officer for Faculty in July 1992.

FACULTY AND PROGRAMS

DEPARTMENT OF POLICE SCIENCE

This Department is responsible for training programs in the areas of Basic Law Enforcement, Breath Testing, Highway Safety and Jail Basic Training.

INSTRUCTORS

R. B. Masterson, Jr.
Department Head

B.S. Degree, Charleston Southern College; 8 years, North Charleston Police Department as Squad and Traffic Team Supervisor, Investigator, and the departmental Training Officer - recipient of NCPD First Class Award for Valor; Sergeant in Security Police, McEntire ANG; joined Academy staff in 1983 as a Law Enforcement Instructor; promoted to Department Head of Police Science in July 1992.

Robert A. Milam, III

M.S. and B.A. Degrees, University of South Carolina; 12 years, Chemist/Instructor/Agent, South Carolina Law Enforcement Division; joined Academy staff in 1972; primary Instructor for Breathalyzer Testing.

John Thomas

B.S. Degree, Limestone College; 9 years as Sergeant and Training Officer with Clinton Police Department; joined Academy staff in 1989.

Paul B. Banner, Jr.

Associate Degree in Criminal Justice, Horry-Georgetown Technical College; 6 years United States Marines; Sgt. Georgetown Police Department; Member Air National Guard; 15 years Law Enforcement experience; joined Academy Staff in 1981; primary Instructor for Jail Training.

Rosemary E. Byrd

B.A. Degree from Winthrop College; 3 years teaching experience, Sumter District 17 School System; 10 years in law enforcement with the Columbia City Police Department; joined Academy staff in 1985.

Lorna Hanson

M.C.J. University of South Carolina; B.A. Degree, St. Cloud State University, Criminal Justice; A.A. Degree, Northland Community College; Jail Coordinator, Pennington County Law Enforcement Center, Thief River Falls, Minnesota; Instructor Criminal Justice, St. Cloud State University, St. Cloud, Minnesota; Deputy Warden of Operations, Women's Correctional Center, Columbia, South Carolina; joined Academy staff in 1985.

Randy W. King

B.S. Degree, Central Wesleyan College; 10 years Law Enforcement experience, Sergeant, Columbia Police Department; training in Accident Reconstruction, Commercial Vehicle Accident Investigations; currently responsible for the development and instruction of Traffic Accident Courses at the Academy; joined Academy staff in 1990.

Michael Lanier

A.A. Degree in Criminal Justice from Midlands Technical College; veteran of 12 years with the Columbia Police Department; served in the U.S. Army; currently a member of the U.S. Army Reserves as instructor with the Non-Commissioned Officers Academy; joined the Academy staff in 1983.

Larry W. Spearman

B.S. Degree, Criminal Justice, Georgia State University, Atlanta, Georgia; 1 year City of Decatur, Georgia Police Department; 10 years Dekalb County Georgia Police Department, Burglary and Investigator; 2 years Richland County Sheriff's Department; 6 years SC Highway patrol; joined Academy staff in 1991 as Instructor on Traffic Safety Program.

DEPARTMENT OF RANGE OPERATIONS

This department is responsible for all training programs involving Firearms Training and Driving Operations.

INSTRUCTORS

Leon G. Cureton
Department Head

B.A. Degree, Allen University; 3 years in law enforcement with Lancaster Police Department as Detective and Public Relations Officer; joined Academy staff in 1978; Houston, Texas Driving School, S&W Academy (Scope Rifle and Chemical Agents); Weapons Range Master 1989-1992; promote to Department Head for Range Operations in July 1992.

David W. Black

A.B. Degree, Public Service Criminal Justice; A.B. Degree, Police Administration; 14 years Columbia Police Department; 5 years as a District Commander; Police Instructor's Schools, General Motors Proving Grounds, Scotti's Defensive Driving School, Federal Law Enforcement Training Center Driver Instructor; joined Academy staff March, 1985.

Cindy B. Riser

B.A. Degree in Interdisciplinary studies, University of South Carolina; A.A. Degree in Criminal Justice, University of South Carolina; 3 years with Gaffney Police Department; 6 years with South Carolina Department of Probation, Pardon & Parole Services as Agent III and Firearms Instructor; joined Academy staff in 1990.

Jimmy Dixon

B.S. Degree in Management from Central Wesleyan College; 7 years with Pickens County Sheriff's Department as Investigator, Narcotics Agent and uniform patrol; 5 years with Greenville County Sheriff's Department in uniform patrol, F.T.O. and Underwater Search & Recovery team Training Coordinator; joined Academy staff in March 1989.

James Hall

Associate Degree in Criminal Justice from University of South Carolina; 17 years law enforcement with Bedford, Massachusetts Police Department, Richland County Sheriff's Department and University of South Carolina Police Department; joined Academy staff in 1987.

James B. Hicklin

B. A. Degree, University of South Carolina; 8 years, law enforcement; 3 years law enforcement training for SCDC; joined Academy staff in 1975.

Ronnie Roberts

B.A. and A.S. Degree in Criminal Justice from USC; 7 years as Sergeant and F.T.O. with Lancaster Police Department; 4 years as Director of Security for USC - Lancaster; 3 years as Commander with USC Police Department - Columbia; joined Academy staff in April 1989.

Kyle Sorell

B.S. Degree in Criminal Justice, University of South Carolina; 8 years as Sergeant and Training Officer with Forest Acres Police Department; joined Academy staff in 1988.

John Yarborough

Winnsboro High School; 5 1/2 years with Department of Corrections; joined Academy staff in 1988.

DEPARTMENT OF BEHAVIORAL SCIENCES

This department is responsible for programs dealing with Instructor Development, Human Relations and Management Courses.

INSTRUCTORS

Leonard C. Phillips
Department Head

Associate Degree in Criminal Justice, Midlands Technical College; 10 years law enforcement experience, beginning as a Military Police Investigator and Drug Suppression Investigator with the U. S. Army; Lexington County Sheriff's Department Line Officer, Crime Prevention Specialists and Coordinator; Certified Polygraph Examiner in South Carolina; M. Sgt., McEntire Air National Guard Base; joined Academy staff in 1985; promoted to Department Head 1992.

Jim Currie

B.A. Degree in Education; retired US Marine Corps; joined Academy staff in 1987 as a Hazardous Materials Instructor; currently teaches courses in the management area.

Larry Shea

M.S. Degree, in Education, University of Southern California; B.A. Degree, Texas Tech University; currently responsible for Human Relations and Police-Media Relations courses in the Behavioral Sciences Department; joined the Academy in 1992.

DEPARTMENT OF FORENSICS/INVESTIGATION

This department is responsible for all Investigative Courses to include Narcotics, Fingerprint, Homicide, Surveillance, Photography, Child Abuse, etc.

INSTRUCTORS

Bruce Jernigan Department Head

A.A. Degree, Columbia Junior College; 14 years, West Columbia Police Department as Lieutenant; police training at the F.B.I. Academy, Virginia; Ohio State Department of Education in police matters; joined Academy staff in 1978; promoted to Department Head in 1992.

Philip A. Allen

2 years, Palmer College; 2nd Class Petty Officer, U.S.N.R.; 4 years, Columbia Police Department; joined Academy staff in 1974.

Mary Fuller Everhart

B.A. Degree in Criminal Justice from St. Leo's College, Pensacola, Florida; 3 years with Sumter Police Department; joined Academy staff in 1987.

Gary Kightlinger

Masters Degree in Media, University of South Carolina; Bachelors Degree in Media, University of South Carolina; Seven years law enforcement experience, beginning as a Crime Prevention/Training Specialist with Lexington County Sheriff's Department, criminal investigator and drug enforcement/surveillance officer; joined Academy staff in 1991.

Randolph W. "Randy" Thomas

M.A. Degree in Political Science, University of South Florida; B.A. Degree, Political Science, Chaminade College, Hawaii; 10 years law enforcement experience, 3 years at Tampa Police Department, 7 years Richland County Sheriff's Department as a Deputy and in the Youth Crime Unit; joined Academy staff May 1989.

John G. Williams

University of South Carolina; 12 years experience in Photography; joined Academy staff in 1974.

DEPARTMENT OF PHYSICAL TRAINING

This department is responsible for all Defensive Tactics and Physical Fitness Training.

INSTRUCTORS

Bruce Hancock Department Head

B.S. University of S.C.; 8 years with Columbia Police Department as a Sergeant and Training Officer; joined Academy staff in 1987; promoted to Department Head of Physical Training in July 1992.

Sam Bowser

B.S. in Physical Science from Livingstone College in Salisbury, N.C.; 7 years law enforcement with Richland County Sheriff's Department; joined Academy staff in 1988.

INSTRUCTIONAL STANDARDS & SUPPORT DIVISION

Spears Westbrook
Director

Directions for the division and supervision of its components are centered in this office. Duties of the Director include but not limited to planning, budgeting direct and indirect employee supervision, consultation and outside agency liaison.

INSTRUCTIONAL STANDARDS SECTION

The Instructional Standards and Support Division (ISSD) was newly formed, July 1, 1992. Having completed the first year of operation, the Instructional Standards and Support Division continues to define its role in the South Carolina Criminal Justice Academy's training delivery system. The Instructional Standards and Support Division presently operates on a budget of \$426,910 from the South Carolina Criminal Justice Academy and \$555,294 federal dollars.

INSTRUCTIONAL STANDARDS SECTION

Bruce Carter
Section Coordinator

Supervisor of Instructional Standards Section; responsible for the overall supervision of all Standards processes including internal/external course approvals, course material preparation, South Carolina Reserve Program, South Carolina Constable Training Program and Articulation.

The mission of the Standards Section is to provide a mechanism for the validation and evaluation of instructional content at all levels of Academy training operations. Within the scope of this mission is the maintenance of training development and support for the South Carolina Reserve Officer and South Carolina Constable Basic Training Programs. The Standards Section also provides the processes for the review and approval of departmental In-Service training as well as other external sources of law enforcement educational programs. Internal staff development, course articulation, and maintenance of accreditation by the Southern Association of College and Schools, are other critical areas of Section mission responsibilities. Programs that are the responsibility of this section include:

LESSON PLAN REVIEW/APPROVAL

Internal

FY 92 - 93 Submissions	76
FY 92 - 93 Approvals	59

Institutional

FY 92 - 93 Submissions	252
FY 92 - 93 Approvals	237

Individual (Departmental)

FY 92 - 93 Submissions	242
FY 92 - 93 Approvals	218

Individual (Non-Departmental)

FY 92 - 93 Submissions	14
FY 92 - 93 Approvals	12

PROCTOR PROGRAM--Up until very recently Standards has held the responsibility for training and assigning proctors for all teleconference programming. Once this process was in place and functioning smoothly, it was delivered to the LEPS Section.

RESERVE PROGRAM--Standards had assumed all responsibility for the reserve officer training program to include plan review, dissemination and testing. Standards has now turned over testing procedures and implementation to the LEPS Section but, retains responsibility for all other administrative functions to include plan reviews, updating program areas and SCCJA-Department liaison. During the past twelve months the Reserve Manual was revised and is now ready for redistribution.

ARTICULATION--A major responsibility assumed in the last twelve months has been that of Articulation whereby agreements are secured between SCCJA and other institutions of higher learning for the exchange of course credits for individual police officer application towards professional re-certification and/or degree achievement. A Technical College Advisory subcommittee assists Standards in this process.

CONSTABLES--Design and maintenance of the Constable lesson plan program is now under the purview of Standards. Working closely with SLED, Standards is nearing completion of a revised Constable training manual and implementation of a new delivery process. The new manual will contain lesson plans for the following topics: Policy and Procedures, Constitutional Law, Laws of Arrest, Searches and Seizures, Crisis Intervention, Evidence, Handling Prisoners, Officer Survival, Police Communications, Ethics, Juvenile Procedure/Child Abuse, Police Community Relations, Civil Liability and Firearms.

TELECONFERENCE REVIEW PROCESS--A subcommittee of the Training Officers Association has been formed and meets regularly with Standards to review course material for CORE course presentation. Also, associated with this process is a producer from SCETV. Emerging from this review process is a newly established CORE course development process now in full utilization.

Other tasks undertaken and completed include development of an equivalency training review for basic police candidate training waivers, creation of a back-up and standardized procedure for academic dismissals and the successful pursuit of an accreditation assignment process for South Carolina Juvenile Investigators.

RESEARCH AND DEVELOPMENT

William A. Floyd, Jr.
Section Coordinator

Responsibilities include, but are not limited to, the coordination of and oversight of various agency research and individual course development and research projects, the preparation of grant proposals and the subsequent administration of grant awards.

The mission of this section is threefold. First, this section primarily exists to provide research assistance to the faculty of the South Carolina Criminal Justice Academy as these faculty members plan, develop and implement either new courses or conduct major revisions to existing courses. This assistance includes, but is not limited to, individual course specific needs assessments and task analyses for new course proposals. As this function develops, it is anticipated that the functioning of this section will move into the realm of assisting faculty members in the area of individual research projects which may result in submission of such projects for publication. Second, this section is charged with conducting agency research such as the annual statewide departmental needs assessment for law enforcement agencies as well as the periodic basic law enforcement certification training task analysis. In addition, this section is also responsible for researching and coordinating special projects as necessary. Third, this section also has oversight and monitoring responsibility for various grant funded projects which include both training programs and the personnel needed to successfully staff and execute these programs. As law enforcement continues to become more complex with greater social and legal ramifications, it is envisioned that the area of law enforcement research will continue to be an increasingly vital facet of the law enforcement training equation.

Major activities undertaken from July 92 - June 30, 1993 are as follows:

GRANTS--New grant proposals written included:

Comprehensive Multidisciplinary Team Training--This proposal was awarded April 1, 1993, and terminates March 31, 1994. This is year three of three years and is 100% funded.

1993 - 1994 \$ 78,984
Cumulative \$223,134

Police Traffic Safety Instructor--This proposal is a carryover from a 1992 writing and terminates September 30, 1993. This will conclude a three year program. It is 100% funded.

1992 - 1993 \$122,863
Cumulative \$409,772

"Buckle-Up South Carolina"--This grant is in the third quarter of the first year funding and the year terminates September 30, 1993. It is 100% funded.

1992 - 1993 \$15,378

Cumulative \$15,378

Datamaster Chemical Breath Testing Equipment Procurement--This proposal is under consideration for funding and if accepted will go into effect 10/1/93. This is one year purchase program to be funded in a 50% federal, 50% state split.

1993 - 1994 \$140,000

Cumulative \$140,000

SCCJA Narcotics Training--This proposal was awarded 6/1/93 and is in the third and final year. This program is funded in a 75% federal, 25% state split.

1993 - 1994 \$210,758

Cumulative \$619,948

SCCJA Narcotics Distance Learning--This proposal in amount of \$284,000 was rejected without comment.

Police Traffic Instructor--This proposal is awaiting approval. Implementation would occur 10/1/93. This grant is 100% funded.

1993 - 1994 \$110,000

Cumulative \$110,000

STATEWIDE NEEDS ASSESSMENT--The annual statewide law enforcement needs assessment for advanced classes was completed June 30, 1993. A total of 340 survey instruments was distributed with 153 returns (45%). Data was forwarded to the Chief Instructional Officer.

COURSE DEVELOPMENT--Course development and faculty assistance programs underway during the past twelve months are as follows:

Executive Level Management--Research leads this committee and will offer specific expertise in a needs assessment and related program research.

Instructor Accreditation (Revision)--New instruction accreditation standards were devised and implemented in conjunction with Instructional Standards, Training and Certification.

Consulted With Standards and Training--to produce a Standard System Model

Physical Standards Review--This is an ongoing project in conjunction with Training and The Department of Physical Education, USC.

Basic Law Enforcement Enrollment Process--Research collaborated with Certification to produce and deliver a survey instrument in the planning stage for implementation.

Other Program Areas Involved in Ongoing Research--Police Media Relations; Summary Court Judicial Training; High Performance Front Wheel Drive Patrol Vehicle Training; Policy Function/Off-Campus Practical Exercises; "E911" Training Survey

MEDIA

Richard Shealy
Media Section Coordinator

Supervisor of Media Resources Department. Responsible for overall operation of Media Resources activities including video production, graphics, learning resources, AV library and audio-visual production. Responsible for planning, budgeting, coordination of projects and liaison with ETV engineering and production. Serves as producer for Crime-to-Court series.

The Media Resources Section provides technical support for the Academy's administrative and instructional programs both in the classroom and through teleconferencing. This includes video production and broadcasting, audio production and support, graphics, audiovisual support, operation of the Academy's Learning Resources Center and Film/Tape Library, and coordination of production needs with outside agencies. The Media Section of ISSD is comprised of four units. Following are activities of each. This section was functioning as a complete unit prior to ISSD formation in July, 1992 and was absorbed by the Division in its entirety.

ETV/AV PRODUCTIONS--ETV/AV productions has had an ever-expanding role in the SCCJA training process. Responsibilities include planning, production, implementation, storage and disbursement of all SCCJA telecommunications training. Originating from the SCCJA instructional studio the Police Line Service airs twice weekly with CORE courses, Legal Updates, and special production telecourses. Over seventeen thousand South Carolina Police Officers (as well as workers from other social service providing agencies) were trained in 1992 - 1993. In addition to these duties, ETV/AV Productions participates in numerous other activities to include special filming projects, liaison with SCETV/SCCJA teleconference training projects. This unit also coordinates SCCJA displays for SCLEOA and other SCCJA public presentations. Of particular interest during this reporting period was Media's involvement in the development of a teleconference production procedure. Twelve teleconferences were produced during the previous training year along with numerous video segments for classroom and promotional use.

LEARNING RESOURCES CENTER AND AV LIBRARY--The Learning Resources Center has maintained its place as the information clearing house for SCCJA instructors as well as resource center for South Carolina Police Officers. A major review of procedures, acquisitions and storage has taken place this past year. Implementation is underway to increase the productivity of research functions via acquisition of computerized information access.

The AV Library continues to serve as a storage facility and disbursement center for video use. A review of procedure and inventory reduction has occurred to be followed shortly by the publishing of a video users catalog.

GRAPHICS--Graphics continues to be of increasing importance in the instructional process and demands for assistance have steadily increased.

CRIME-TO-COURT--Crime-to-Court which is actually a program unto itself but, attached to ETV/AV Productions has become increasingly important. As its reputation grows so does the importance of ensuring that quality and accountability remain at high levels.

LAW ENFORCEMENT PERSONNEL SCREENING (LEPS)

Dr. Andrew H. Ryan, Jr.
Psychologist, Section Coordinator

Supervisor of the Law Enforcement Personnel Screening (LEPS) Section); responsible for overall supervision of all units within the section including Law Enforcement Personnel selection, all aspects of Testing, Instructional Services Interventions and Research.

As a newly initiated Division component the Law Enforcement Personnel Screening (LEPS) Section is just beginning to formalize its role in serving South Carolina law enforcement.

A myriad of responsibilities has been assigned this section, however, one mission is distinct. That mission is to evaluate, define and implement Division approved procedures for ongoing SCCJA testing. This testing involves basic classes, in-service and advanced training. Establishment of a secure and validated testing model is a mammoth undertaking and all other LEPS functions must be subordinate until this foundation is laid.

As the Section establishes itself other functions will continue at present levels. Details are listed below for the types and numbers of screenings conducted as well as the types of test and number scored during the fiscal year ending June 30, 1993.

PSYCHOLOGICAL SCREENINGS

Pre-employment	413
Basic Law Enforcement	680

TABE TESTING

Pre-employment	402
Basic Law Enforcement	215
SCHP	49

RESERVE TESTING

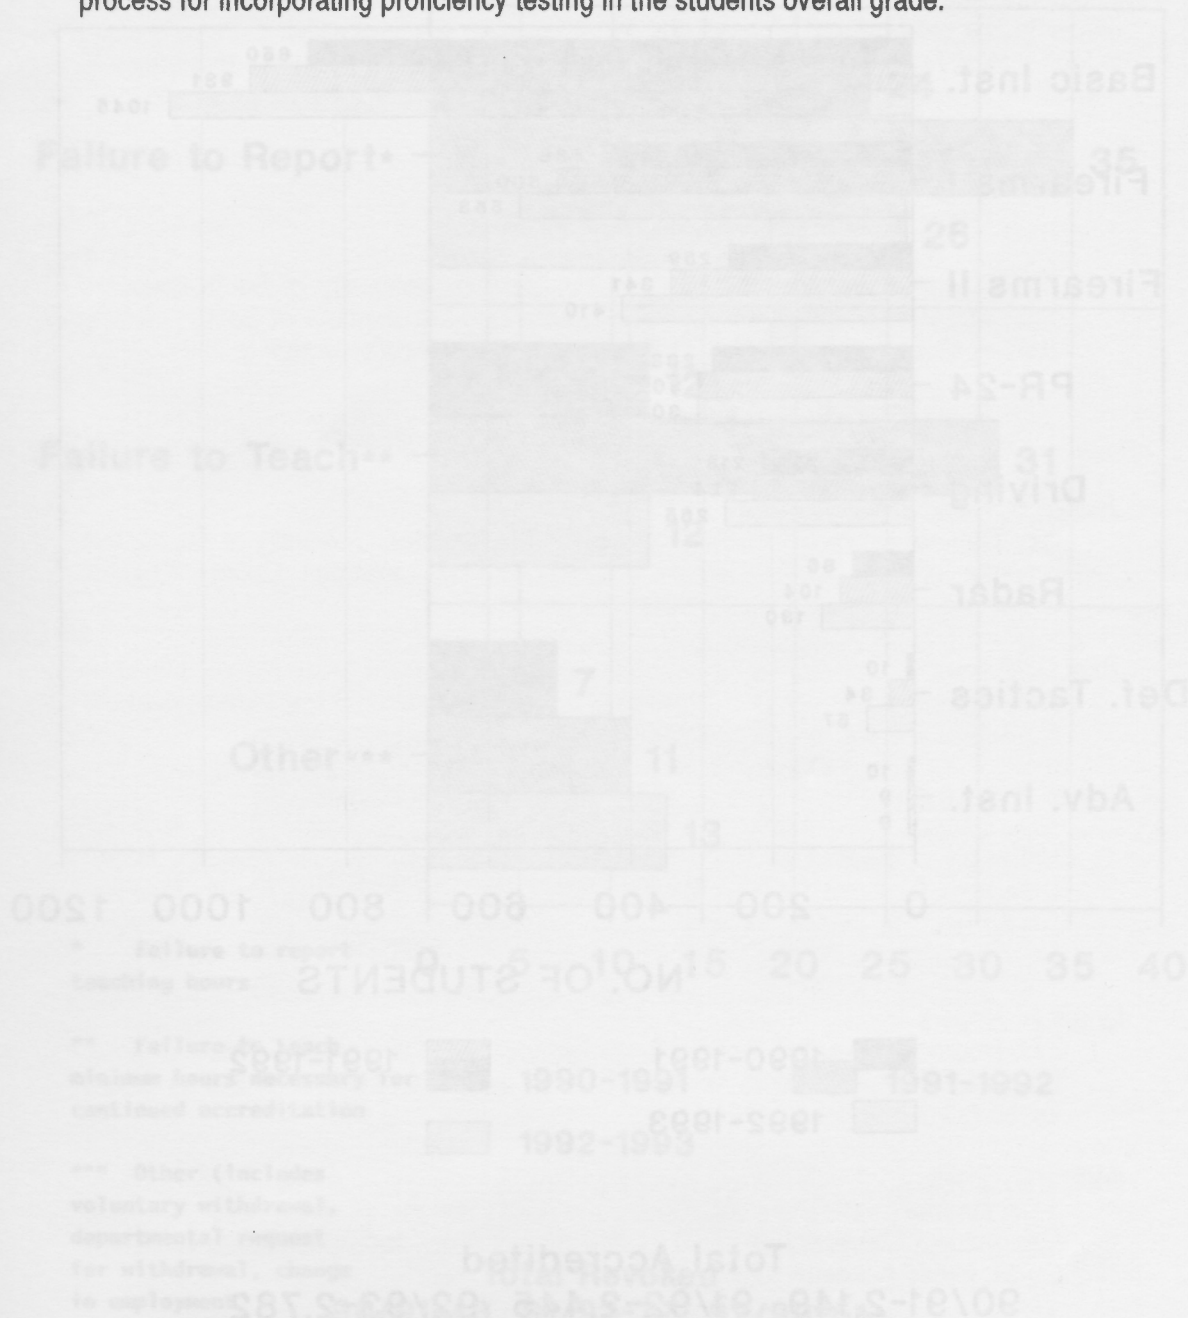

372

<u>BASIC LAW ENFORCEMENT</u>	4,794
<u>TELECONFERENCE TESTING</u>	14,630
<u>CORE COURSES</u>	2,377
<u>LEGAL UPDATE COURSES</u>	1,157

LEPS has been involved in a number of interdivision programs. Noteworthy are the finalization of plans to establish a peer review model, instruction in the basic classes, faculty training on testing changes, proctor training and establishment of a process for incorporating proficiency testing in the students overall grade.

LEGAL SERVICES TRAINING DIVISION

The Legal Services Division instructs law enforcement officers, jail officers, individuals attending specialized classes, magistrates, and municipal judges in a range of topics including the United States and South Carolina Constitutions, the court system, state law, rules of evidence, relevant case decisions, duties owed by these individuals, and the potential for liability. These classes are taught in Columbia at the South Carolina Criminal Justice Academy and at field locations throughout the state. Training is provided pursuant to state law requiring basic training of all officers and amendments to Title 23, Chapter 23 of the Code of Laws of South Carolina, requiring renewal of certification of previously trained officers. Regulations promulgated by the South Carolina Law Enforcement Training Council require that every law enforcement officer in the state attend at least one legal update class annually. Summary court judges attend Academy sponsored classes to meet continuing education requirements mandating a minimum of 12 hours of accredited legal education each calendar year.

LEGAL COUNCIL

Henry Ray Wengrow

Ph.D. Degree, University of Florida; J.D. Degree, University of South Carolina; M.S. and B.S. Degrees, University of South Carolina; member of South Carolina Bar; admitted to practice, U.S. District Courts; joined Academy staff in 1980.

LEGAL SERVICES INSTRUCTIONAL STAFF

Jeanne R. Hertzog

J.D. Degree, University of South Carolina; B.A. Degree, University of Rochester; member of the South Carolina Bar Association; Lexington County Sheriff's Department 12 years; joined Academy staff in 1987.

John C. Murphy

J.D. Degree, University of North Carolina; Special Agent F.B.I. (Retired); member North Carolina Bar; joined Academy staff in 1984.

James M. Rochelle

J.D. Degree, University of South Carolina School of Law, B.S. in Finance, University of South Carolina; 2 years private practice; 3 years Assistant Public Defender, Richland County; 2 years Assistant Chief Counsel, South Carolina Department of Highways and Public Transportation (assigned to the South Carolina Highway Patrol); joined Academy staff in 1990.

Lynne W. Rogers

J.D. Degree, Howard University School of Law, Washington, D.C.; B.A. Degree, Howard University; 7 years Assistant Solicitor and Head Solicitor for Family Court; joined Academy Staff in 1991.

William C. Smith

J.D. Degree, University of South Carolina School of Law; B.S. Degree, Georgetown University; 4 years United States Army Judge Advocate General's Corps; joined Academy staff in 1984.

SOUTH CAROLINA HIGHWAY PATROL

Captain Joseph H. Hood Training Officer

The South Carolina Highway Patrol Training Unit is located at the South Carolina Criminal Justice Academy. The Highway Patrol has 8 uniformed troopers and 7 civilian employees assigned full-time duties at the Academy.

The Highway Patrol utilizes its own staff, supplemented by other Academy faculty, to conduct Basic Training Classes for State Troopers. Basic training classes are twelve (12) weeks long with special emphasis placed on traffic law enforcement. Accident Investigation, Traffic Laws, Court Procedures, Legals and Driving Techniques are some of the major courses taught during basic training.

The Highway Patrol develops the curriculum, schedules and instructs all In-Service training for its personnel. All curriculum and lesson plans are approved by the Standards and Accreditation Unit of the South Carolina Criminal Justice Academy.

Training of all Tele-Communication Operators employed by the Highway Patrol is also conducted by Patrol Tele-Communication Instructors at the Academy.

The Highway Patrol assists the Criminal Justice Academy by providing instructors to teach Traffic Laws, Defensive Driving and Summons Tickets to each of the Academy Basic Classes. Driving Instructors and Firearms Instructors also assist the Academy with each Basic class.

SOUTH CAROLINA WILDLIFE AND MARINE RESOURCES DEPARTMENT

Lt. Robert McCullough Safety and Training Officer

Lieutenant Robert McCullough has been appointed to serve as supervisor for Wildlife officers' In-service and specialized training.

Other In-Service training classes for all South Carolina Wildlife Conservation Officers include periodic review of state laws and interpretations, courtroom procedures, search and seizure, combat pistol firing and self defense tactics. Department personnel apprise officers of new or revised rules and regulations and procedures regarding fish and game laws, along with the public relations aspect of Wildlife Law.

The Aquatic Search and Rescue team periodically undergoes refresher training sessions at the pool facilities at the Academy. These squads of SCUBA trained officers, three-man-per-squad, have been instrumental in a wide scope of successful underwater search and recovery operations. They have not only aided in the recovery of drowning victims but also in locating underwater navigational hazards. In cooperation with other law enforcement agencies, they have assisted in the search and recovery of stolen contraband which has been discarded in the state's waters and have assisted in the training of divers for other agencies.

The Wildlife Department also requires certain non-law enforcement employees who have a Conservation Officers Commission to attend the Law Enforcement Special Basic class at the Academy.

The Physical Fitness Awareness Program which was instituted in 1987, for the Conservation Officers Health and well being is done annually at In-Service Training. Conservation Officers are evaluated on five (5) different areas of fitness and given guidance on how to improve.

The Wildlife Department's training section also conducts training classes for other law enforcement agencies such as Law Enforcement Boat Operations and Marine Navigation Radar for Law Enforcement and ATV motorcycle operations. All of these programs are "endorsed" by the South Carolina Law Enforcement Training Council.

CORRECTIONAL AGENCY TRAINING

Personnel of several state correctional agencies conduct a part of their training at the Academy. The Department of Probation, Parole and Pardon Services use the Academy for their four (4) week Basic class and for several Unarmed Self Defense courses. The Academy provides classrooms, housing, meals and audiovisual equipment for these programs. The Department of Social Services held one class on the Weapons Range. The Department of Corrections held four Certification classes on our Weapons Range.

JUDICIAL TRAINING

Mandatory Judicial Training **Robert L. McCurdy**
S.C. Court Administration

Voluntary Judicial Training **Jeanne R. Hertzog**
S.C. Criminal Justice Academy

Pursuant to Rule 35 of the South Carolina Supreme Court, each member of the unified judicial system of this state, with the exception of magistrates, must complete a minimum of 15 hours of legal education per year, accredited by the Commission of Continuing Legal Education. The Commission is authorized, pursuant to guidelines established by the Supreme Court, to determine the number of credit hours which will be given for particular courses and programs.

The Chief Justice of the South Carolina Supreme Court issued his order, dated December 30, 1981, which required magistrates and municipal judges to complete a minimum of twelve (12) hours of legal education accredited by the Office of Court Administration.

The Office of South Carolina Court Administration conducts mandatory judicial education programs for magistrates. A program of voluntary training for magistrates and municipal judges is conducted at the Criminal Justice Academy under the direction of the

Judicial Training Coordinator. Monthly schools of one or two days duration are given on various topics within the criminal and civil jurisdiction of the magistrates. Schools on criminal jurisdiction topics are open to municipal judges. The program is accredited by the Commission on Continuing Lawyer Competence and those judges who are members of the South Carolina Bar may satisfy their mandatory continuing legal education requirements by attending the judge's school. The program is also accredited by the Office of Court Administration and magistrates and municipal judges may satisfy their mandatory legal education requirements by attending this voluntary training.

The office of the Judicial Training Coordinator also publishes Practice and Procedure Manuals on specific topics of law, as well as periodic newsletters discussing recent court decisions, opinions and legislation of importance to magistrates and municipal judges.

SOUTH CAROLINA HALL OF FAME ORGANIZATIONAL CHART

GENERAL PROVISIONS

The purpose of the Law Enforcement Officer's Hall of Fame as defined by the law which created it (S.2-25, R. 1384 of the 1974 Legislature) and set out in sections 23-25-10 through 23-25-40 of the S.C. Code of Laws is to establish a Law Enforcement Hall of Fame as a memorial to law enforcement officers killed in the line of duty.

The Hall of Fame exists to serve the State and its people by promoting a better understanding of law enforcement in the State and by offering public safety programs and activities.

Questions concerning the Hall of Fame and its activities should be directed to Ms. Jami Bennett, Directress, Criminal Justice Hall of Fame, 5400 Broad River Road, Columbia, S. C. 29210, telephone number (803) 896-7645.

SUMMARY OF ACTIVITIES

The Hall of Fame facility was completed in the Fall of 1979. Formal dedication took place in April of 1980, and the museum was officially opened to the public.

The Hall of Fame maintains plaques to S. C. Law Officers killed in the line of duty and museum displays featuring contemporary and historical aspects of law enforcement. The building is open to the public, and organized tours can be arranged for school and civic groups. The Hall of Fame also maintains a film library on topics of Criminal Justice, and these films are used in conjunction with the organized tours.

The Hall of Fame acquires and maintains historical artifacts relating to law enforcement, and documents the history of the S. C. Criminal Justice System through these artifacts. The exhibits featuring contemporary aspects of law enforcement serve to relate to the public the various trends and functions of law enforcement agencies.

The Hall of Fame's 1992-93 tour season included the continuation of safety programs with updated videos, instructional materials and tour agenda. New artifacts were added to the antique toy collection, and a large collection of vintage license tags were acquired.

The Hall of Fame continued to serve as a popular facility for various state agency meetings and seminars.

In summary, the Hall of Fame provides public safety programs and tours of the Hall of Fame, maintains and collects artifacts and displays with a law enforcement/criminal justice theme, serves as a seminar/meeting facility, and maintains a memorial area to S. C. law enforcement officers killed in the line of duty.

HALL OF FAME EXPENDITURES

1992 - 1993

The Hall of Fame is funded through court fines and forfeitures as provided in its Enabling Legislation and does not operate on state appropriated funds.

<u>ADMINISTRATION</u>	<u>EXPENDED</u>	<u>BUDGETED OTHER FUNDS</u>
Personnel-Classified Positions and Inmate Earnings	\$ 80,556.44	\$ 88,812.00
Operating Expenses	\$ 44,237.25	\$ 68,826.00
